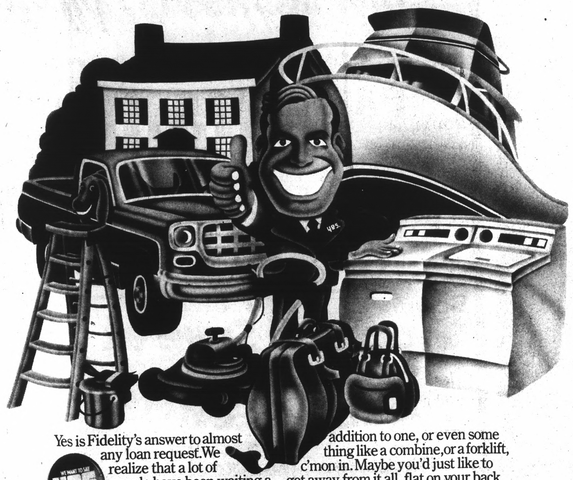
CAN YOU TAKE YES FOR AN ANSWER?



Yes is Fidelity's answer to almost any loan request. We realize that a lot of people have been waiting a lot of time for a lot of things. But, after all, the economy hasn't encouraged spending for extras, in addition to the things we really need. However, the economists tell us that things are getting better. So we want to say yes to any loan request that's backed up with reasonable credit.

If you've been waiting a lot of time for that new car, truck, travel trailer or boat, not to mention a house or an addition to one, or even some thing like a combine, or a forklift, c'mon in. Maybe you'd just like to get away from it all, flat on your back with the sun in your face. Well, at Fidelity, we want to send you driving, truckin', traveling, boating, building, combining, lifting, sunning, or whatever on your way.

So why not consult with one of our loan officers, and see if you have credit enough to take yes for an answer.

WE THOUGHT YOU'D NEVER ASK!

Oakwood opened for business in Greensboro, North Carolina in April 1946. Since that time, Oakwood has sold over 27,000 homes. Until recently, Oakwood sales centers have been limited to North Carolina, South Carolina, and Virginia locations. Expansion started into West Virginia, Tennessee and Kentucky in 1972.

...build their own...

In the late 1960's, Oakwood became dissatisfied with general mobile home quality and value levels. Mobile home manufacturing under Oakwood's ownership and supervision has proved to be the only way for the company to deliver the quality and value levels desired for customers. There are two plants producing Oakwood (brand name) mobile homes. All homes produced meet or exceed the American National Standards Institute mobile home building code (A119.1) and are listed by the famous Underwriters' Laboratories.

...a public company...

Oakwood became a publicly-owned company in 1971. Nearly 1700 shareholders financially support the firm. Stock is traded on the distinguished American Stock Exchange under the ticker symbol OMH.

...the meaning for you...

You gain distinct advantages in doing business with a solid, stable company. When you buy an Oakwood home, you can be assured that you're buying from a dealer who has been around a long time and who will continue to be around to keep the promises made and to service the homes sold. You can be assured that there are funds available to you for financing your home. You can be assured that Oakwood personnel are sincere, dedicated professionals whose only concern is providing you with the highest quality and best value housing available on the market today.
